

Main Equipment

KINGBROTHER invests a lot of advanced equipments and Automatic Production line to improve the efficiency and yield rate. A third-party testing center was established and provided the authorized testing services, compliance to the ISO / IEC17025 system.

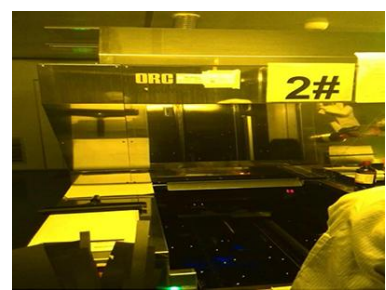

PCB Equipment

Mitsubishi Laser Drilling

Boker Pressing Machine

ORC LDI

Orbotech Inkjet Printer

CNC Drilling

Auto Plating

PCB Testing Equipment

3D Solder Paste
Thickness Gauge

On Line AOI Inspection

X-RAY

Energy Dispersive X
Fluorescence

EMS Testing Equipment

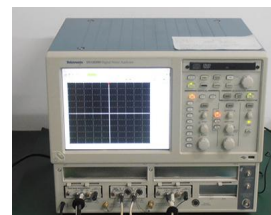

AOI
Testing

Flying Probe

Oxford X-RAY

Impedance

SMT Equipment

Full Automatic Printer

High-speed SMT

Multi-function SMT

10 Temperature Zone
LF Reflow Furnace
